`It is an excellent volume for attachment researchers at all levels. Researchers and students will find this volume a helpful and generative introduction to adult attachment. The authors set out to increase interest in adult attachment and encourage research in the field. I believe that this coherent, thought-provoking summary of adult attachment research easily accomplishes their goal' - *Contemporary Psychology*

Attachment theory is one of the most popular perspectives currently influencing research in close relationships - and is important in many other fields since the quality of intimate relationships is a key determinant of subjective well-being. This intriguing volume draws together diverse strands of at
