Training the Active Training Way: 8 Strategies to Spark Learning and Change (Active Training Series) Melvin L. Silberman

Training expert Mel Silberman is the father of the popular and effective active training method. In his landmark textbook, *Active Training*, he identified the specific characteristics of the active training method that results in deeper learning and improved retention. Now, *Training the Active Training Way* takes the next step by distilling the active training method into eight core strategies that trainers can use to craft interactive and engaging training, even for the most challenging training assignments such as technical skills training, and information-rich (and often dull) content.
