Walking Loch Lomond and the Trossachs (Cicerone Guides) Ronald Turnbull

Guidebook to 73 walking routes in the hills of Loch Lomond and the Trossachs National Park in Scotland's Southern Highlands. Including 21 Munros on less-popular routes, as well plenty of Corbetts and Grahams. Hill summits of Ben Lomond, the Cobbler, Ben Lui and the Arrochar Alps have plenty of routes to explore. The routes in this guide range from 1 to 17 miles, and are clearly graded for distance and difficulty, as well as dividing between low-level, mid-level and mountain walks. From short, loch-side strolls suitable for all walkers, to long, challenging mountains routes with rocky scrambling, the Loch Lomond and Trossachs hills have plenty to offer all walkers.

The glen and mountains walks in this guide are divided into area: the Trossachs, Callander and Loch Lubnaig, Balquhidder and Lochearnhead, Crianlarich to Inveraran, Tyndrum, Ben Lomond, Loch Lomond West, Arrochar Alps and Glen Croe to Loch Goil.

The hills and glens of the Trossachs and Loch Lomond are the first of the Highlands as you come from the south and first in the affections of many hill-goers. Slightly less savage than their northern counterparts, they have a rugged charm all their own. Their ridges are wrinkly schist and grassy picnic places, their lower slopes are oakwoods and ferries cruise the lochs in between. This guidebook includes plenty of background information on the area, as well as practical information on getting to and around the region's walks, as well as advice on accommodation, what equipment to take, when to go, as well as interesting details on the Schist rock that makes the hills, and important information on access in the hills and Scottish estates.
