**The Government UFO Files: The Conspiracy of Cover-Up Kevin D Randle  
Secrets and Suppressed Evidence. Coincidences or Lies?**

Sifting through hundreds of historical and government documents, interviewing multitudes of participants, and tracking countless number of leads, a former army officer, trained as an intelligence officer, presents a case for government incompetence and, potentially, malfeasance. Shining a harsh light on the government and its secrets, *The Government UFO Files: The Conspiracy of Cover-Up* investigates what the government knows about encounters with UFOs, alien life, and mysterious activities.

**The government has long collected information and assembled files on unidentified objects, extraterrestrial encounters, and strange convergences in the skies, but with new government secrets constantly being revealed (including finally admitting the existence of Area 51) is it too much to believe that it is hiding important information on close encounters, UFOs, and alien life? Nearly 100 sightings and other occurrences are thoroughly examined. Suppressed evidence, hidden plots, cover-ups, misleading statements, and documented connections to government intrigue are all addressed. It sorts through the information, sources, and it lets you decide whether the government is being deliberately misleading or whether the conspiracy theories have gotten out of control.**
