**The Elementary Particles** Michel Houellebecq

An international literary phenomenon, **The Elementary Particles** is a frighteningly original novel—part Marguerite Duras and part Bret Easton Ellis—that leaps headlong into the malaise of contemporary existence.

Bruno and Michel are half-brothers abandoned by their mother, an unabashed devotee of the drugged-out free-love world of the sixties. Bruno, the older, has become a raucously promiscuous hedonist himself, while Michel is an emotionally dead molecular biologist wholly immersed in the solitude of his work. Each is ultimately offered a final chance at genuine love, and what unfolds is a brilliantly caustic and unpredictable tale.

Translated from the French by Frank Wynne.

*From the Trade Paperback edition.*
