Baring It All

Generations of werewolves have been secretly residing in a secluded valley a stone's throw from Grundy, Alaska. So when a snooping Outsider comes to Grundy to investigate rumors of lycanthropic shenanigans in the area, the valley's pack alpha, Maggie Graham, resolves to chase him away, even if doing so takes a quick bite on the butt. What a pity that researcher Nick Thatcher turns out to be so drool-worthy, and that his kisses make Maggie want to sit up and beg. Maggie just can't seem to convince Nick to leave . . . and even worse, she can't convince *herself* to stay away from *him*. Cross-species dating is problem enough for a harried alpha female, but on top of that, a rival group of werewolves is trying to move into the valley. With interpack war threatening, Maggie can't afford to be distracted. Combining romance and a career can be tough for anyone; for a werewolf in love with a human, it may be disastrous. . . .
