'Here, in these essays, we have Christian theology at its best, intellectually demanding and engaged with issues of central importance - a good combination.'

The Tablet

This collection of papers is an international, ecumenical, and interdisciplinary study of Jesus' Resurrection that has emerged from the 'Resurrection Summit' meeting held in New York at Easter 1996. The contributions represent mainstream scholarship on biblical studies, fundamental theology, systematic theology, philosophy, moral theology, and homiletics, and combine to offer a timely, wide-ranging, and well-balanced work on the central truth of Christianity.
