Marine Combustion Practice reviews developments in marine combustion practice and covers topics ranging from combustion equipment for boilers to diesel injection equipment, nuclear reactors, and the use of natural gas in marine boilers. Automatic control of oil-fired marine boilers is discussed, along with fundamental types of injection pumps and factors affecting combustion in marine boilers.

This book is divided into four sections and opens with a discussion on solid fuel used for marine purposes, including coal, and properties of coal affecting combustion and combustion equipment design. The reader is then introduced to fuel storage and supply systems; types of fuel injectors and fuel pumps; physics and technology of nuclear power; and sea transport of liquid petroleum gases used in marine boilers. Subsequent chapters deal with factors affecting marine combustion; characteristics of boil-off; and safety aspects of the use of natural gas in marine boilers.

This monograph will be a valuable source of information for marine engineers and for practitioners and research workers in the field of marine combustion.

From reader reviews:

Robert Crawford:

Reading can called imagination hangout, why? Because when you are reading a book especially book entitled Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) your thoughts will drift away trough every dimension, wandering in every aspect that maybe unidentified for but surely might be your mind friends. Imaging each and every word written in a guide then become one contact form conclusion and explanation that maybe you never get before. The Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) giving you one more experience more than blown away the mind but also giving you useful details for your better life on this era. So now let us present to you the relaxing pattern this is your body and mind will be pleased when you are finished looking at it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?

Marjorie Cook:

Beside that Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) in your phone, it may give you a way to get more close to the new knowledge or information. The information and the knowledge you are going to got here is fresh from oven so don't become worry if you feel like an aged people live in narrow commune. It is good thing to have Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) because this book offers to your account readable information. Do you oftentimes have book but you do not get what it's exactly about. Oh come on, that will not end up to happen if you have this inside your hand. The Enjoyable agreement here cannot be questionable, including treasuring beautiful island. Techniques you still want to miss the idea? Find this book as well as read it from now!

Jerry Jackman:

This Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) is completely new way for you who has attention to look for some information as it relief your hunger of information. Getting deeper you on it getting knowledge more you know or else you who still having little bit of digest in reading this Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) can be the light food for you because the information inside this particular book is easy to get simply by anyone. These books produce itself in the form and that is reachable by anyone, yes I mean in the e-book type. People who think that in publication form make them feel drowsy even dizzy this guide is the answer. So there is not any in reading a reserve especially this one. Jason Nimmons:

That publication can make you to feel relax. This book Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) was bright colored and of course has pictures on there. As we know that book Marine Combustion Practice: The Commonwealth and International Library: Marine Engineering Division (C.I.L.) has many kinds or variety. Start from kids until teens. For example Naruto or Investigation company Conan you can read and believe that you are the character on there. Therefore not at all of book tend to be make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book in your case and try to like reading that.
