The New Souls of Black Folk

Robert A Douglas

The New Souls of Black Folk Robert A Douglas

The New Souls of Black Folk redefines what it means to be “Black” in America. With this new enlightenment on such a blanketed method of classifying a group of people, it challenges social constructs as well as generational anguish and mental enslavement—all of which entrap Black Folk living in certain demographics across the country. Theories form policies that cripple Black Folk. Many of our actions, though, do the same. The chances of success then grow grim for such a powerful group of people. These Black Folk across America’s impoverished canvas offer their insight and testament to the dark conditions we seek answers for: those conditions that create a new kind of soul that embodies every Black person today. Black Folk are damaged daily by broken homes, failing education systems, improper doctor-patient consulting, loopholes built on the U.S. Constitution, and many more issues that have yet to be addressed. With this new soul rising in Black Folk, every person must ask this one question—is there truly a way to escape being Black in America?
