Sustaining Distance Training: Integrating Learning Technologies into the Fabric of the Enterprise
In this companion volume to Distance Training, Sustaining Distance Training presents practical steps for integrating distance training into the day-to-day operations of any organization. Berge shows organizations how to move beyond the initial phases of setting up a distance training program and make it a part of the strategic planning process, including infrastructure, budget, staffing, and policy planning. He explains how twenty of the world's leading organizations have mastered the basics of distance training and have taken their efforts to the next level where distance training becomes the most effective method for delivering the training your workforce needs to embrace emerging technologies in today's highly competitive, global economy.
