**Del sentimiento trágico de la vida (Spanish Edition)** Miguel de Unamuno

Del sentimiento trágico de la vida en los hombres y en los pueblos, conocida usualmente como Del sentimiento trágico de la vida, es uno de uno de los más destacados ensayos filosóficos de Miguel de Unamuno, publicado en 1912.

Bajo la influencia de Søren Kierkegaard y de San Ignacio de Loyola, entre otros, el que fuera eximio Rector de la Universidad de Salamanca hace una profunda incursión en la problemática existencial del hombre contemporáneo, distanciándose radicalmente del Motor Inmóvil aristotélico y afirmando la necesidad espiritual de creer en un Dios personal.
