Three's a disaster when things come unraveled.

Rock star Nate Keller is on top of the world, but his headlining tour has one drawback. It keeps him away from his boyfriends, Theo and Cameron, for weeks at a time. Yet after four-and-a-half years—and a lot of hard work—the trio is still going strong.

But then Cam comes to visit with devastating news. After seventeen years together, he and Theo have agreed to a trial separation. Nate tries desperately to fix his lovers' broken relationship, but there's only so much he can do from the road.

At home, Cam tries to carry on, but feels like his whole life is spiraling out of control. Theo struggles to cope with the split as his depression worsens. They're both spinning their wheels, quickly losing hope they can keep it together—and keep the man they both still love.

Desperate, Nate drops everything in a last-ditch attempt to pull their trio back together before they hit rock bottom. Except their love could already be shattered beyond repair.

Warning: Contains two men who must face how broken they are before they can fix their failing marriage, and the man who loves them both—but doesn't know how to save them.
