The Falling Woman Pat Murphy

Winner of the Nebula Award: An archaeologist with a strange power risks death to unlock the secret of the Mayans

When night falls over the Yucatan, the archaeologists lay down their tools. But while her colleagues relax, Elizabeth Butler searches for shadows. A famous scientist with a reputation for eccentricity, she carries a strange secret. Where others see nothing but dirt and bones and fragments of pottery, Elizabeth sees shades of the men and women who walked this ground thousands of years before. She can speak to the past—and the past is beginning to speak back.

As Elizabeth communes with ghosts, the daughter she abandoned flies to Mexico hoping for a reunion. She finds a mother embroiled in the supernatural, on a quest for the true reason for the Mayans' disappearance. To dig up the truth, the archaeologist who talks to the dead must learn a far more difficult skill: speaking to her daughter.
