Thomas the Tank Engine. Hot Wheels. *Mike Mulligan and His Steam Shovel*. *Richard Scarry's Cars and Trucks and Things That Go*. Kids' fascination with vehicles is insatiable. In *Project Kid: Crafts That Go!*, that excitement is translated into more than 60 inventive craft projects for parents to make with and for their children.

The book is organized into seven chapters: City, Rails, Sky, Space, Water, Country, and Dirt. There are police cars and ice cream trucks; circus trains and submarines; helicopters, rocket ships, cement mixers, and school buses. And because the car-obsessed kid doesn't just want a new vehicle to play with—he wants a racetrack, his very own driver's license, maybe even a child-sized gas station—each chapter includes not only toys but also thematic clothing, decor, accessories, and more. Projects feature clear instructions and step-by-step photographs wherever they are needed, easy for both kids and non-crafty adults to understand.
