Many people know what to believe and why to hold to those beliefs. But the majority of them don't know how to do when it comes to the countless decisions we must make that the Bible doesn't specifically address.

Chasing Elephants carefully examines the biblical subject of freedom in Christ. Taking into account values, priorities, accountability, and cultural issues, Author Brent Crowe extracts a set of principles to act as a theology of belief for the seemingly gray areas of life.

With these principles as a guide, you will be prepared to handle the moral or ethical decisions you will face in life.
