What is a Social Paranormal Writer? By: TJTM aka Theresa and TJI have recently been asked how to become a paranormal writer. For many of us who have studied the occult and metaphysical, we simply chose a path with special interests. Some of us have actually had physical reality experiences in the human realty with our conscious physical beings being part of the experiments of extra terrestrials.I for one have been involved with both the Nordics and the Grays, as have many beings who I know who have pleasant experiences. We are the luminosity in the mind when one cannot see, hear, touch, taste, smell or feel with the inner knowing and the outer being. The emotions that are thought to be formed while on earth are nothing but weather barometers for the human mind. americannewsmagazine.comsocialparanormal.com
