A History of Interest Rates (Wiley Finance)

Sidney Homer, Richard Sylla

A History of Interest Rates (Wiley Finance) Sidney Homer, Richard Sylla

A History of Interest Rates presents a very readable account of interest rate trends and lending practices over four millennia of economic history. Despite the paucity of data prior to the Industrial Revolution, authors Homer and Sylla provide a highly detailed analysis of money markets and borrowing practices in major economies. Underlying the analysis is their assertion that "the free market long-term rates of interest for any industrial nation, properly charted, provide a sort of fever chart of the economic and political health of that nation." Given the enormous volatility of rates in the 20th century, this implies we're living in age of political and economic excesses that are reflected in massive interest rate swings. Gain more insight into this assertion by ordering a copy of this book today.

From reader reviews:

William Threatt:

Reading a publication tends to be new life style in this particular era globalization. With studying you can get a lot of information that can give you benefit in your life. Using book everyone in this world could share their idea. Ebooks can also inspire a lot of people. Many author can inspire their own reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors on earth always try to improve their talent in writing, they also doing some investigation before they write on their book. One of them is this A History of Interest Rates (Wiley Finance).

Priscilla McNeil:

Your reading 6th sense will not betray a person, why because this A History of Interest Rates (Wiley Finance) book written by well-known writer we are excited for well how to make book that can be understand by anyone who also read the book. Written with good manner for you, leaking every ideas and writing skill only for eliminate your own hunger then you still hesitation A History of Interest Rates (Wiley Finance) as good book not merely by the cover but also by content. This is one reserve that can break don't assess book by its cover, so do you still needing another sixth sense to pick this kind of!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

Mary Alejandro:

Many people spending their moment by playing outside using friends, fun activity with family or just watching TV 24 hours a day. You can have new activity to shell out your whole day by examining a book. Ugh, do you think reading a book can definitely hard because you have to use the book everywhere? It fine you can have the e-book, having everywhere you want in your Cell phone. Like A History of Interest Rates (Wiley Finance) which is having the e-book version. So , why not try out this book? Let's notice.

Paul Dubose:

This A History of Interest Rates (Wiley Finance) is completely new way for you who has curiosity to look for some information as it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know or perhaps you who still having little digest in reading this A History of Interest Rates (Wiley Finance) can be the light food for you personally because the information inside this book is easy to get by anyone. These books develop itself in the form that is reachable by anyone, yep I mean in the e-book type. People who think that in guide form make them feel drowsy even dizzy this e-book is the answer. So there is not any in reading a reserve especially this one. You can find actually looking for. It should be here for a person. So , don't miss that! Just read this e-book variety for your better life and knowledge.
