Religion, Spirituality and the Near-Death Experience Mark Fox

This dramatic and sustained response to decades of research into near-death experiences (NDEs) is the first book to credibly bridge the gap between the competing factions of science and spirituality. Neither a religious argument touting NDEs as hard evidence for God, nor a scientific rebuke to religious interpretations, it balances investigation of these much-reported yet baffling phenomena, and brings fresh urgency to the study of our hopes for a life beyond.
