**Nosotros somos el tiempo (Spanish Edition)** Pedro Ramírez C.

Jorge, un joven que pasa por una difícil situación profesional y familiar, nos abre por un momento su mundo interior y nos permite ver en él el extenso panorama de sus sueños: su platónico amor por Andrea, una chica que conoce de vista hace tres años; su postergado anhelo de ser empresario y las razones por las cuales quiere serlo; su afición por la poesía y la música; su preocupación por sus padres ancianos; la nostálgica soledad de su timidez; sus pequeñas inconsecuencias, y tantas otras cosas que forman el extenso panorama de la complejidad humana.

La historia de Jorge, que puede ser también la nuestra, nos introduce en la riqueza de nuestra propia vida para mostrarnos que ésta tiene un propósito, un sentido: la felicidad, y que no podemos renunciar a ella sin renunciar también a nosotros mismos.

A partir de este punto, comienza un interesante diálogo con algunos de los grandes pensadores de ayer y de hoy: Viktor Frankl, John Finnis, Tomás de Aquino, Aristóteles, Stephen Covey, Robert S. Kaplan, entre otros, cuyas enseñanzas, entrelazadas por el autor en una original síntesis, ayudarán a Jorge y a nosotros a descubrir la propia felicidad, una felicidad aterrizada, traducida a objetivos concretos, que nos servirá de guía segura y luminosa, junto a una serie de herramientas tan sencillas como útiles, para construir en el tiempo la vida que queremos.

El autor no pretende vender ilusiones. El camino que nos conduce a la felicidad es arduo, estrecho. Por eso este viaje, que al mismo tiempo es un viaje hacia fuera y hacia dentro de nosotros mismos, nos exige la irrenunciable transformación personal y tiene su fundamento en ella, puesto que sin ella todo propósito en la vida no pasa de ser un mero espejismo.

Una original visión de la gestión del tiempo, al mismo tiempo profunda y práctica, que nos invita ser conscientes que nos ha sido dada la vida, pero no la felicidad. La felicidad tenemos que conquistarla. Nosotros somos los protagonistas de nuestra vida. Nosotros somos el tiempo.
