Armand Rosamilia - Dying Days ~ Sunny

Florida, beautiful beaches, no traffic on A1A... Zombies roaming the dunes in search of the living... Darlene Bobich in a fight to survive

Travis Tufo - Red Sky ~ Joseph

loved life, his farm and his wife. That is until he was torn away to fight in the war. His easy going attitude quickly died as he became a cold blooded killer for the Russian Army. His main objective remained of wanting to return to his simple life, but was this even possible?

Tony Baker - From The Ashes ~ Harold

Lancaster, a retired cop, woke one morning to find himself in the middle of hell. He had seen many things over twenty-five years in law enforcement, but that experience had not prepared him for this insanity. In a coordinated worldwide attack, terrorists had unleashed a mutated virus. This virus that did not kill outright, it did something far worse.

Eric A. Shelman - Dead Hunger ~ Something happened to the earth. Inexplicable. Not a product of man, but of nature.

Now Flex Sheridan and Gem Cardoza must do all

they can to protect Flex's six-year-old niece Trina and find ways to survive a massive outbreak that has caused most of humankind to metamorphose into the walking dead.

Ian Woodhead - The Unwashed Dead ~ The

few law-abiding citizens left alive in Breakspear Gardens have locked their doors and shut the curtains on this Friday night. They dare not venture out

after the sun goes down. The druggies, drunks, and feral kids rule the streets in the roughest housing project in northern England - a place where anything can be had, at a low price - the neighborhood you never want to live in.

Tonight, the streets are strangely quiet. Headaches, nausea, and sickness are targeting criminals and residents alike. The untainted soon discover the horror of their plight, as their friends, families, and neighbors begin to die ... and are reborn as voracious, ravening beasts!

Robert Chazz Chute - This Plague Of Days ~ The war for the future has begun and the greater numbers are on the side of the infected. Terrorists created the plague and made ordinary civilians into rabid bio-weapons. The Ungrateful Living and the rabid cannibals all share one thing in common: they are just like you.

Mark Tufo - Zombie Fallout + Bonus Short Mayan
Prophecy ~ It

was a flu season like no other. With the H1N1 virus running rampant throughout the country, people lined up in droves to try and attain one of the coveted vaccines. What was not known was the effect this largely untested, rushed to market, inoculation was to have on the unsuspecting throngs.

Within

days, feverish folk throughout the country convulsed, collapsed, and died, only to be reborn. With a taste for brains, blood, and bodies, these modern-day zombies scoured the lands for their next meal. Overnight the country became a killing ground for the hordes of zombies that ravaged the land.

Scott Nicholson/ J.T. Warren - Meat Camp ~ In a desperate attempt to save their land from tax foreclosure, Delphus Fraley and his daughter open a camp for at-risk kids, with the goal of building character through experience in the Appalachian Mountain outdoors.

But a

strange infection contaminating the camp's mess hall soon triggers a violent rampage. As the isolated camp turns into a bloodbath, camp counselor Jenny Usher first fights to save the children, and then finds she must fight to save herself.

Because this infection doesn't just kill, it brings the dead back to life...
