Easy-to-follow guidelines from a pro for simplifying your investments, protecting yourself from the investment sharks and achieving financial freedom

Drawing on his years as an investor for leading banks in the U.S. and Asia, Philip Cheng delivers down-to-earth strategies guaranteed to make you "shark-proof" while you optimize investment returns. Statistics show that only 20% of small investors ever come close to achieving their investment goals. The other 80% get eaten alive by "investment sharks"—investment advisors, fund managers and other hucksters out to line their pockets with your hard-earned cash. Motivated by a sense of fair play, Cheng resolved to write an investor's survival guide in which he'd share everything he's learned in his years as a successful professional investor. The result is *Taming the Money Sharks*. The easy-to-follow guidelines you'll find in this book will help you navigate the shark-infested waters of the investment world, all the way to the financial freedom you dream of and deserve.
